Where can I put my tarp?

If you intend on placing a tarp within 300 metres of a provincial highway right-of-way boundary, or within 800 metres of the centre point of an intersection of the highway with another public road, you will require a permit from Alberta Transportation. To receive a permit, please indicate on the order form that you'd like to place a tarp within one of the zones described above. Then, the 4-H Alberta Centennial Celebrations Committee will request the permit on your behalf and the permit will be sent to you directly.

Tarps not placed within the zones described above must still be in compliance with any local bylaws. It is the purchaser's responsibility to ensure they are in compliance.
