Community Service has played a big part of building past and present 4-H members and will in to the future. Each year 4-H members from across the province donate hundreds of volunteer hours in their communities. Being it is the 100th Anniversary of 4-H we want to hear about your hard work giving back to your communities.

Do you have a unique or exciting community service project that you would like to share with people attending Fever? Do you have some pictures showing members hard at work? Or do you know how many hours your club has donated to community projects?

If you do please send your pictures and information to Penny at penny.steffen@gov.ab.ca so that we can promote 4-H giving back to their communities in a display on Fever weekend. We look forward to seeing and hearing about the great work members are doing.
