

4-H Alberta Club Registration Checklist

Registering your 4-H Club has never been easier! **If you are re-registering a club, that club, its members and leader information, will be automatically filled in from previous years.** You simply need to confirm that the information is still correct, update information from existing Cleaver Kids, members and leaders, and then add new Cleaver Kids, members, leaders and volunteers to the system.

It's important that each Cleaver Kid, Member, Leader and Volunteer in your club fills in the registration forms because we are requesting information that was not previously requested. Please keep the original forms with your club records for two years. This is required due to the Canadian Anti-Spam Legislation (CASL).

Use this checklist to ensure you have all the information you need before you begin the on-line registration process at www.4habregistration.ca.

Club Details

General Information

- Name of Club
- Previous Names of Club (if applicable)
- District (Select from online list)
- Region (See Regional map on reverse)
- 4-H Courier Location (Select from the online list. This information is available on the 4-H website under the 'Local 4-H' tab.)
- Our club year is 2017-2018
- Club Type (Select from online list)

Geographic Information

- Mailing address for receiving information from 4-H Alberta
- The street address or legal land description of the public location for club meetings. (We use this to create a "club map" for members wishing to join a club)

Club Contact Information

This is the person who receives 4-H information (via mail and email) and shares it with the members, leaders and parents. The club contact must have a valid email account.

- Contact Name
- Phone number (include area code)
- Club Contact Email address (The Club Contact **must** have a valid email address)
- Alternative Phone number (optional)
- Fax number (optional)
- Club Website or Facebook Page (optional)

Club Projects

You need to register each member in one or more projects. **Please see the back of this sheet for a comprehensive list of the projects available to 4-H Members in Alberta to ensure you have the correct information from each member. Cleaver Kids do not register in traditional 4-H projects.**

This is an important step as it affects your registration selections in the next steps of the online registration process.

Leaders

Please ensure the Leader Registration forms are filled out completely to make your on-line registration process easier. Ensure all leaders are elected by the club and know that they are required to complete/renew their leader screening commitments after completing registration. Until their screening is complete they may not be in a position of trust with the club.

Volunteers

Please ensure the Volunteer Registration forms are filled out completely to make your on-line registration process easier. Adult volunteers are vitally important to the success of 4-H Alberta. Any adult registered in the online system, who has not been elected to be a Leader by the club, but who wishes to provide support to the club, district, region or provincial activities, shall be considered a Volunteer. They are to be registered as such by the General Leader. Many clubs currently have "Parent Volunteers" and these individuals belong in this general volunteer category.

Members

Please ensure the Member Registration forms are filled out completely to make your on-line registration process easier.

Cleaver Kids

Please ensure the Cleaver Kid Registration forms are filled out completely to make your on-line registration process easier.

Club Sponsorship

- Club Achievement Event Date

Banking Information (this information must be filled out each year)

- Bank Transit Number (5 digits)

Regional Map

Sponsor Checklist

Check box(s) on online Club Sponsorship application only if they apply to your club.

- Did your club send Thank You's for sponsorship funds received through the 4-H Foundation of Alberta?
- Did your club display sponsor banners at the appropriate sponsor club event and recognize their support in the local media?
- Did your club prepare and approve a yearly program plan and budget at the start of the club year?
